Re: Junior/Senior Open Campus Privileges and Permission to Drive Permission Slip

As part of an incentive for our Junior and Seniors to give their best effort in their courses, we are offering the privilege of leaving campus during Junior and Senior study hall, homeroom, lunch, and dual credit time periods.

To qualify for open campus Juniors and Seniors must maintain at least a C-average (1.67 on the 4.0 scale), with no "F" grades in any subject.

Junior/Senior open campus privileges will begin for Juniors and Seniors who have returned the signed permission form and have met the requirements listed below.

If you wish for your student to have open campus privileges, please select the option(s) that best fit your interests, sign, and return the parental permission form.

_____My student has permission to participate in open campus as a Junior or Senior.

_____My student has permission to drive during open campus as a Junior or Senior.

_____My student has permission to participate in open campus but is NOT allowed to drive during this time.
