Parents/Guardians of Pheasant Students,

The Parker School District wants to inform all of you as early as possible of the following information.

The Federal Government of the United States has elected to return to normal the School Nutrition Programs for school year 2022-2023. There will **NO LONGER** be an extension of free meals starting the school year fall of 2022. Again, this will resume/begin August of 2022 for the 2022-23 school year.

To claim free or reduced-price meals, households will need to fill out the eligibility forms that can be received by the Parker School District business office/main office. Only students with approved applications will receive free or reduced meal benefits for the 2022-2023 school year. To obtain approval, you must fill out the Free and Reduced Application and return to the Parker School District before August 25, 2022. Forms will be available after August 1st.

This is simply a friendly reminder, one that we will continue to provide through the fall of next school year.

Sincerely,

Dr. Donovan G. DeBoer
Superintendent
Parker School District
