

Parker School District	NEPN Code: EA
Policy Reference Manual	

Additional Expense Items for Exceptional Children

1. Transportation shall be provided for students who have been certified as special education students with unique needs as defined by the Education for All Handicapped Children Act of 1975.
2. The Individual Education Placement Committee shall make an assessment of each eligible child and determine the transportation requirements of that child and certify its findings and assessment thereof to the Board of Education.
3. Transportation for exceptional students living in the school district but outside the city limits will be provided through the regular bus service whenever possible. Exceptions must be approved by the Superintendent of Schools.
4. Meals will not be provided for students attending out-of-district institutions unless the student resides at that institution.
5. The district will not be responsible for any bills for evaluations unless prior written authorization has been received by the Superintendent of Schools.
