Policy Reference Manual	

Admission of Resident Students that have Open-Enrolled into Another School District

Resident students have the right to apply for enrollment (in a school district other than the resident district) per SDCL 12-28-40 through 13-28-47, inclusive. Once approved by the non-resident district in which the student wishes to enroll, the approved application serves as the applicant's notice of intent to enroll in the nonresident district or desired school during the school year and obligates the student to attend school in the nonresident district or desired school during the school year, unless the affected school board or boards agree in writing to allow the student to transfer back to the resident district or assigned school, or unless the parents, guardians, or emancipated student change residence to another district.

Resident students who have transferred to a non-resident district will not be allowed to enroll at Parker School District 60-4 (the resident district) beyond the Monday prior to the fourth Friday in September for the remainder of that school year.

Students wishing to re-enroll back into Parker School District 60-4 (the resident district) and have notified the school on or before the Monday prior to the fourth Friday in September for that school year, will be decided upon by the school board on an individual case by case basis.
