Re: Electronic Payment Options with *E-Funds For Schools*

The Parker School District 60-4 has implemented an on-line payment option for your convenience when it comes to adding funds to your child(ren)'s lunch account. This payment method is optional and has been well received by those families that have used the system.

It has come to light that there is a differentiation on the fee charged for use of the E-Funds For Schools system. It is important to note that when you use E-Funds to deposit money into your child(ren)'s lunch account, **a \$1.00 convenience fee will be added to the total if you use the electronic check option (ACH), however there is a \$1.95 convenience fee if you elect to use a credit or debit card** (fees charged from Visa, Mastercard, etc are higher). These convenience fees do not go to the Parker School, but rather to E-Funds For Schools to cover the cost of this program. We apologize for any confusion, and as stated in previous correspondence, **regardless of the electronic payment option you should choose, be secure in knowing that at no time does the Parker School District have access to your bank account or bank account numbers.**

If you are ready to begin or wish to examine the program further, please go to the Parker School District home-page, [www.parker.k12.sd.us](http://www.parker.k12.sd.us), "For Parents" section, to access the E-Funds For Schools link. Thank you for your attention to this matter and should you have any questions feel free to contact Jim Vogel at 605.297.3456x3.
